## Curriculum leads to the Associate in Arts Degree

### Counselor Advising Form

Curriculum leads to the **Associate in Arts Degree**. These degree options are designed to give students a broad introduction to an area of knowledge represented by related disciplines and topics, as well as to prepare transfer students for a field of study at a university. Students will select an "Area of Emphasis" from the following four options based on their interests and their educational and career goals.

- **Science and Mathematics**
- **Social Sciences**
- **Arts and Human Expression**
- **Social Behavior and Self-Development**

#### **Interdisciplinary Studies with an Emphasis in Science and Mathematics**

These courses emphasize the natural sciences, which examine the physical universe, its life forms and its natural phenomena. Courses in math emphasize the development of mathematical and quantitative reasoning skills beyond the level of intermediate algebra. Students will be able to demonstrate an understanding of the methodologies of science as investigative tools. Students will also examine the influence that the acquisition of scientific knowledge has on human experience. This emphasis includes lower division coursework that prepares students for majors in science, math, and health related fields.

Choose at least one course from each category (A and B) and then complete additional courses in categories A and/or B to total 18 units.
