

CHEMISTRY

Associate in Science Degree for UC Transfer

Program Code 2S41936

State Approved 12/21/2022

Effective Term: FALL 2023

Chemistry Associate in Science Degree for UC Transfer, also called the Chemistry AS-UCT Degree, prepares students to transfer to UC campuses that offer bachelor's degrees in Chemistry. This degree aligns with the UC Transfer Pathway (UCTP). The Chemistry AS-UCT introduces students to general and organic chemistry as well as allied coursework in both physics and mathematics, preparing students for further study in the discipline of chemistry. Transfer Agreement Guarantee (TAG) students completing this degree are guaranteed admission to the UC system, but not necessarily to a particular UC campus or major of their choice. In addition to completing the coursework and IGETC courses for this degree, students must meet the specified requirements as state in the TAG and achieve a cumulative minimum grade point average of 3.5 in the major. This degree requires 47-48 units in the major, in addition to other graduation requirements.

Note: It is strongly recommended that students meet with a Fullerton College counselor to review the AS-UCT requirements.

To receive your AS-UCT degree, you will need to complete a Fullerton College graduation application and turn it in to Admissions and Records by the graduation application deadline.
